

COUNCIL OF DEFENSE TO STOP PROFITEERS

Mayor Says There Will Be No Concerted Action Against Tulsa Hoarders Until Council Meets.

TO PROBE ALL CONDITIONS

Merchants and Landlords Will Be Harassed From Body That Will Test Causes of Local Living Costs.

Until the local council of defense is formed and definite instructions received from the governor and all-arms general, there will be no concerted action taken here against the profiteers and food hoarders, Mayor Hubbard said yesterday. While the council will delay matters somewhat, it will facilitate action when the council is finally organized and power to act definitely decided. Any action now would be premature and of uncertain authority, he said.

The charges made last week by the Tulsa district attorney, at Muskogee that there was hoarding of food in Tulsa are still under investigation by the emergency committee named by the mayor. Report has not yet been made.

ROBBERY NO MOTIVE FOR LINN'S MURDER

County Officers Say Men Would Not Have Mutilated and Beaten Body for \$200 in Checks.

That John P. Linn, beaten to death south of Muskogee last Sunday morning by four men, was not killed for the purpose of obtaining his money, was the theory advanced by county officers Monday afternoon, the latter basing their belief on the fact that the victim was stabbed and rendered unconscious near Dawson, perhaps an hour before being taken in an automobile to the place where the body was found.

What to Use and Avoid on Faces That Perspire

It is to be healthy—must breathe. It also must perspire—must expel through the pores, its share of the body's waste matter. Perspiration creates and keeps the pores, insulating both will stop perspiration and breathing, especially during the heated period of summer. If men would have healthy complexions, they should use a facial cream that will keep the pores open and allow the skin to breathe. The best remedy for this is a facial cream that will keep the pores open and allow the skin to breathe.

SHERIFF WOOLLEY MAY HAVE MORE DEPUTIES

Sheriff Says Force Is Short-handed and County Commissioners Consider Two More Appointments.

Action on the appointment of two additional deputy sheriffs to the present force of eight deputies now in the office of Sheriff James W. Woolley, was postponed by the board of Tulsa county commissioners at its meeting Monday, until a meeting to be held later in the week. Sheriff Woolley stated to the commissioners that he has at present eight deputies and that the men have been unable to serve all court papers necessary, in the proper time. Because of certain provisions of the state law, the commissioners were unable to decide whether this appointment would be legal and a decision on the matter was postponed until the next meeting.

Peculiar Auto Accident. ATCHISON, Kan., Aug. 17.—Miss Anna Glancy suffered a severe nervous breakdown as a result of a very peculiar automobile accident here. While driving her automobile during a rather severe wind, the wind blew her skirt over her face, causing her to lose control of the car. The machine swerved into a roadside ditch. Miss Glancy was picked up apparently unharmed, but examination by a physician developed the nervous attack.
